

RUNPOTEC RUNPOGLIDER Ø 7 MM

with swivel
Item no.: 20238

DATEN	
ITEM NO.	20238
WEIGHT KG	0,01 kg
DIAMETER	7 mm
TOTAL BREAKING LOAD	270 kg
THREAD	RTG Ø 6 mm with swivel
DIMENSION	Length: 100 mm
EAN-CODE	9120045473209

- VORTEILE
- Incl. twist adjustment
 - Patented RUNPOGLEITER
 - Highest demolition safety
 - No need to change the head
 - More cable capacity (7 x 2.5 mm²)

DESCRIPTION

RUNPOGLEITER with twist compensation and Runpotec RTG Ø 6 mm thread. Patented viewfinder with extremely good bending and sliding properties. Very high tensile load of 270 kg, no need to change the eyelet head, extra large eyelet hole for higher cable capacity - up to 7 x 2.5 mm². Suitable for Power REX, RUNPOSTICKS, glass fibre rod Ø 4.5 mm and Ø 6 mm. The integrated twist compensation allows the cable to rotate in the pipe and thus protects the push-in system and the cable enormously. Numerous stable safety reinforcements in the connection between the spiral strand and the RUNPOGLEITER guarantee highest protection against breakage (Ø 6 mm > 170 kg / Ø 7 mm > 270 kg) for RUNPOGLEITER spirals. The universal special eyelet head is not only ideal for pushing in cable pulling straps, it is also used for the actual pulling-in of the cables. It is thus not necessary to change the head!

The extra large eyelet of the special eyelet head can accommodate more cables of up to 7 x 2.5 mm². This saves you valuable time!

Application video: a short, very informative application video can be viewed by scanning the QR code or on www.runpotec.com.

Scope of delivery: 1 piece RUNPOTEC RUNPOGLEITER with twist compensation Ø 7 mm with RUNPOTEC RTG Ø 6 mm thread
