ADVANTAGES

- ✓ Spare part for fibreglass rod
Ø 11 mm / reel Ø 1000 mm
- ✓ Measurement 10 cm steps
- ✓ Interchangeable
- ✓ The following can be set to zero
with the reset key

DESCRIPTION

Can be installed on all RUNPOTEC reels Ø 1000 mm (glass fibre rod 11 mm). The built-in metre counter measures the inserted fibreglass rod via the removal wheel.

The counter can be reset to zero using the reset button. The measurement is made in 10 cm steps. Optimal for length determination or spot localisation. Complete mounting accessories are supplied.

Scope of delivery: 1 piece metre counter incl. mounting set for attachment to RUNPOTEC reel Ø 1000 mm (glass fibre rod Ø 11 mm)
