ITEM NO.	**10187**
DIAMETER Ø - closed	500 mm
DIAMETER Ø - folded out	800 mm
HEIGHT - closed	133 mm
FILLING HEIGHT - folded out	390 mm
LOAD BEARING CAPACITY	800 kg
DRUM WIDTH	variable
WEIGHT	7,25 kg
EAN-CODE	9120045477009

DESCRIPTION

The compact X BOARD XB 500 T (telescopic extension) is a universal professional cable drum reel and unwinder for all types of cables and pipes (core cables, cable rings, cable drums, empty pipes, ropes and cable drums). It enables trouble-free and efficient work without tangled cables. The X BOARD XB 500 T (telescopic extension) can hold up to 800 kg and fits almost every type of drum.

Especially suitable for damaged cable drums.

The height-adjustable lid can be adjusted up to a filling height of 390 mm, making it perfectly designed to secure loose cables, cable rings or pipes in the XB 500 T. This prevents uncontrolled cable unwinding. The 6 fold-out support extensions can be extended up to Ø 800 mm using the telescopic extensions. The RUNPOSTICKS (2 x 410 mm, Ø 7.5 mm) stored in the lid can be screwed onto the thread of the stainless-steel center mandrel and thereby prevent smaller or lighter drums from slipping down. 12 rubberized feet ensure a non-slip and secure stand. Ideal for protecting surfaces for already finished floor coverings.

Application video: you can watch a short, very informative application video by scanning the QR code or on www.runpotec.com.

Scope of delivery: 1 x X BOARD XB 500 T (telescopic extension) incl. X BOARD Dorn and 2 x RUNPOSTICKS red 410 mm, Ø 7,5 mm

ADVANTAGES

- Universal cable drum rewinder and unwinder
  Suitable for all types of cables, pipes, wires and cable drums
- Loadable up to 800 kg
- Larger filling volume du to telescopic extensions, bigger pipe bundles can be unrolled ❶
- Better unrolling of two cable bundles on top of each other ❷
- Ideal for loose cable bundles ❶
- Excellent for damaged cable drums ❹
- Variable drum sizes
- Non-slip and stable base
- Can be combined with RM35 cable length measuring device ❺

Can be stored in the lid of the X BOARD XB 500 T profi cable roller.

The drum can be prevented from falling by screwing the RUNPOSTICKS push rods onto the X BOARD XB 500 T.

Tip: The RUNPOSTICKS push rods make it easier to tip large drums onto the X BOARD XB 500 T

DATA	Recommended trade price in EURO / excluding VAT
DIAMETER	Ø 7,5 mm
LENGTH	410 mm
THREAD	RTG Ø 6 mm
MATERIAL-ROD	Basalt rods, plastic-coated
WEIGHT	0,09 kg

DESCRIPTION

The two RUNPOSTICKS are stored in the lid of the XB 500 T. Thanks to new basalt technology, the most extreme bending radii are possible but the rods remain dimensionally stable. No rusting - thanks to stainless steel connections, no abutting edges. The uniform RUNPOTEC thread RTG Ø 6 mm enables a wide variety of combinations. All accessories can be screwed on without an additional adapter. Excellent in combination with the X-BOARD series.

Optimal area of application: can be screwed onto the thread of the stainless steel center mandrel of the X-BOARD series (XB 500 T, XB 500, XB 300) and thereby prevent smaller or lighter drums from slipping down.

ADVANTAGES

• Ideal in combination with the XB 500 T, XB 500 and XB 300 profi-cable roller

• Prevents small or light drums from slipping down

• 30 % higher resilience thanks to basalt fiber technology

• Plastic-coated, which prevents the fibers from penetrating under the skin

• No rusting

• No abutting edges

• Extreme bending radius
