DATA	Recommended trade price in EURO / excluding VAT
ITEM NO.	10142
PRICE €	€ 864,00
LENGTH	900 mm
WIDTH	150 mm
HEIGHT	100 mm
TOTAL WEIGHT KG	22,1 kg (in set of 2)
MAX. LOAD BEARING CAPACITY	1700 kg
REC. WORKING LOAD BEARING	400 kg (depending on the condition of the wooden drum)
EAN-CODE	9120045475609

DESCRIPTION

The AS 900 unwinding rails are designed for safe unwinding of heavy cable material and cable drums from 450 mm to 2000 mm diameter. One of the two heavy duty rollers can be positioned in 3 different settings. The stable stainless steel-aluminium construction with high-quality, maintenance-free, ball bearing heavy-duty support rollers ensure a long service life. Easy and quick change of drums due to the unwinding brake. Due to their two-part narrow design they are easy to use in cramped spaces. Especially recommended where different cable types are to be processed side by side within a short time. Max. drum weight 1700 kg (wooden drum). Since some of the drums are in very poor condition, the recommended working load bearing capacity of 400 kg should not be exceeded.

Optimal area of application: cable drums from 450 mm - 2000 mm diameter

Scope of supply: 2 x AS 900 Roll-off rails

ADVANTAGES

- High quality construction
Stainless steel-aluminium construction with long service life
- High quality, maintenance-free, ball bearing mounted heavy duty rollers
- For cable drums from
Ø 450 mm to Ø 2000 mm
- Due to the unwinding brake, easy and quick changing of the cable drum

INFORMATION
