DESCRIPTION

The Cable guide roller – 90 degrees 3 R is ideally suited for use on various edges to pull cables gently around corners with the least possible resistance. It can be secured in place with a belt or screws via the assembly openings. The lightweight and highly robust design reduces the effort required with optimum success. The high-quality, heavy-duty die-cast aluminium rollers with integrated stainless steel ball bearings and the sturdy powder-coated steel frame guarantee a long service life. Ergonomic aluminium handle - Load capacity 2500 kg.

Optimum area of application: to pull cables gently and effortlessly around corners or edges

Application video: a short, very informative application video can be viewed by scanning the QR code or on www.runpotec.com.

Scope of delivery: 1 x Cable guide roller - 90 degrees 3 R
