DESCRIPTION

The set of 4 castors (4 parking brakes) can be easily screwed onto the RUNPOTEC PRO 530 and PRO 670 cable drum roller. This means that the cable drum unwinder can be easily moved and shifted to the desired position without much effort. High-quality ball bearings, best workmanship and resilient plastic wheels guarantee a high load capacity and long service life.

Application video: a short, very informative application video can be viewed by scanning the QR code or on www.runpotec.com.

Scope of delivery: 4 x Castors with parking brake incl. mounting screws (M10)

ADVANTAGES

- Quick change of location
- 4 Castors with parking brakes
- Load capacity 215 kg, the load capacity is the same for cable drum unwinders with and without castors
