Detail images

DATA	Recommended trade price in EURO / excluding VAT
ITEM NO.	20621
PRICE €	€ 131,00
ROPE Ø	8 mm
ROPE LENGTH	120 m
CABLE DRUM Ø	230 mm
DRUM HEIGHT	217 mm
TOTAL WEIGHT	6,47 kg
TOTAL BREAKING LOAD KG	1 100 kg
MATERIAL ROPE	Polyester - Rope
LOOP	2x spliced-in loops
EAN-CODE	9120045475890

ADVANTAGES

- Spliced loops at the start and end of the rope
- Low rope elongation
- Top price/performance

DESCRIPTION

The RUNPOTEC 8 mm diameter polyester pull rope on a drum is ideal for horizontal cable pulling. RUNPOTEC recommends using the swivel connector with twist compensation (item no. 10176) for horizontal cable pulling. This connects the pull rope to the pulling sleeve and compensates for twisting between the cable and the pull rope – ensuring gentle and efficient cable pulling.

Splice-in loops at the start and end of the rope enable simple and safe handling.

Safety note: Not suitable for vertical cable pulling. Must not be used for carrying or lifting loads or persons. Not suitable for use in combination with the RUNPOTEC CW 800 E capstan winch.

Optimal application: Horizontal cable pulling

Scope of supply: 1 x Pulling rope polyester Ø 8 mm on drum, length: 120 m

INFORMATION

Not suitable for use with the **CW 800 E** capstan winch!

Accessories:**Connection swirl**

incl. swivel
