DATA

Recommended trade price in EURO / excluding VAT

ITEM NO.	30070
PRICE €	€ 6,40
WEIGHT	0,055 kg
DIMENSION	L 50 mm x B 110 mm x H 15 mm
MATERIAL	Non-slip rubber
EAN-CODE	9120045472387

ADVANTAGES

- Pulling aid for Fiberglass rod Ø 3 - 6 mm
- Also suitable for RP1 or RP5

DESCRIPTION

The pulling grip is a handle for better gripping of the respective fiber optic rod. It is ideal for efficiently pushing or pulling all RUNPOTEC insertion systems (GF3 – GF6). The shaft in the handle increases friction when pressed together, thereby improving the feed or pulling of the fiber optic rod. The insertion aid provides a better grip on fiber optic rods with a diameter of Ø 3–6 mm and is also suitable for RP1 and RP5.

Scope of supply: 1 x Pulling grip
